Scoreboard Remote

How do I connect to Bluetooth on the Scoreboard Remote?

To connect to Bluetooth from the Scoreboard Remote app, go to Settings (top right corner of the page) -> enable (turn on) "Show Controls Area" -> then on the main page there will be an option in the middle of the page to "Tap to Connect to ScoreCam" (with a Bluetooth icon).

You can also swipe up on the control area (grey area at the bottom of the screen) to show the control area, which will allow you to connect to Bluetooth. (To hide control area, swipe down on the control area).

For more information, see links: [Scoreboard Remote for ScoreCam Information Page](#) and [How to connect a remote to ScoreCam](#)
